The Senate military appropriations subcommittee incorporated funds for the Berlin buildup of non-nuclear forces into a \$47 billion defense money bill, and also viet Premier Nikita Khrushchev, condemned France last night for waging "aggression" against its former North African colony. The debate Friday lasted four hours. The French delegation was physically present in the second-floor Security Council chamber at U.N. headquarters Friday, but took no part in the discussion.

Chief French delegate Armand Berard sent his assistant Pierre Millet to "watch" the meeting. His boycott of the debate was in line with an official declaration in Paris that France considered the Bizerte base necessary for the Western defense in the present tense international situation and

Manned Bombers

The House approved version of the giant defense money bill included \$448 million earmarked for procurement of manned bombers. The House made it clear that it would like Kennedy to spend more than the \$220 million he has budgeted for development of the super-eted for de sonic B70 bomber. The rest of the \$448 million could be used for other bomber procurement under the House bill.

Although the Senate subcommittee did not announce its actions. informed sources said the group went the House one better and earmarked the full \$448 million for the B70. Then the subcommittee added an additional \$525 million to keep production rolling on current heavy bomber types.

Lutherans take their name rom Martin Luther — leader of the Reformation of the church in the early 16th century. The basic tenet emphasized by Luther, and by those who now bear his name, is that man is restored to the family of God by faith in Jesus Christ alone. helping make pool - conscious Palm Springs (2,520 pools on June 30) a safer place to live and play.

The six are teaching a 17 hour American Red Cross life-savi course, in cooperation with the Palm Springs ARC Chapter and the city recreation department.

On the safety faculty for the 5 to 6 p.m. classes, offered Monday through Friday for the duration of the program, are veteran swimming coach Vernon Howeth; Mrs. Marjorie Hamerschlag; former water coach Wayland Rey-nolds; Jerry Greenfield, Mike Good and Mrs. Jeanne Jensen.

The course is given at the 75 by 30 feet Desert Inn swimming pool, used this summer for the city recreation department's water fun program. After lectures, chart illustrations, and dry-runs under the shade of nearby trees, the class goes to the pool for practical work.

Howeth praised the work of the 30 teen-agers and adults now en-rolled in the safety course.

'We require them to swim at "We require them to swim at least a quarter of a mile. I don't think we have one who couldn't do that when they enrolled in the course," he explained.
